

## Find My School:

Find My School helps parents plan for children's future schooling. This is a new website that shows the zones of all public schools in Victoria.

You can use [findmyschool.vic.gov.au](https://www.findmyschool.vic.gov.au) to see your local designated school by typing in your home address. The website shows the school zone, information about the school and its location on a map.

## What is a designated neighbourhood school?

The designated neighbourhood school is the school that is nearest to the student's permanent residence, unless the regional director:

- needs to restrict new enrolments at a school;
- has designated the neighbourhood boundaries for the school.
