To all alumni of Beaumaris High School and Beaumaris Campus of Sandringham College

We want to acknowledge and embrace our history as Beaumaris High School and Beaumaris Campus while also looking to the future of education in the community. In doing so we really want to connect with all our former students and involve them in the community of this great school. We are establishing an Alumni Association and want to include all former students in the range of school events that will be happening including the opening and tours.

Beaumaris Secondary College is the newly built secondary school enrolling Year 7 students in 2018 on the site of Beaumaris High School. We are excited to have a shared use partnership with the Melbourne Cricket Club that provides our students and the community with outstanding sporting facilities. The community and family partnerships are vital for the success of the school. A place where we have high aspirations and expectations of our students, families, school and community.

Beaumaris Secondary College's vision is that all learners can flourish when the school environment provides the conditions that promote curiosity, challenge and community. A commitment to the pursuit of academic excellence across a diverse and engaging curriculum, both in and outside the classroom, which is inclusive and responsive to the diversity of learners. A significant focus will be on matching pedagogy to learning spaces and we have a highly capable, collaborative and creative staff to ensure that the teaching and learning is of the highest calibre.

Please complete the form and return to our email address:
